

## GE Class Search updates

The **Class Search** in **SIS** is now updated with more user-friendly field names to help simplify your search for the new GE categories! Here's what you should know to complete your search quickly:

- Under Additional Search Criteria, select the 'General Education – New' in the Course Attribute field.
- To search for Legacy GE classes, simply select the 'General Education – Legacy' Course Attribute.
  - The new GE attribute values will all start with GEN, and the legacy GE attributes will start with GEL.
  - Using the Course Attribute Value dropdown box, you will now see all of the full GEN category descriptions organized by Bookend, Foundation, and Theme.
- Don't forget: There is a limit of 300 results, so it's always best to narrow your search as much as possible using Campus, Subject, Career, etc.
